

SENIOR ESTIMATOR

POSITION OVERVIEW:

The senior estimator is responsible for managing the electrical estimating process from beginning to end, as well as producing a comprehensive electrical estimate for multifamily, commercial and federal projects.

SPECIFIC RESPONSIBILITIES INCLUDE, BUT ARE NOT LIMITED TO:

- Manage full cycle estimating process and timelines.
- Provide leadership, direction and training to assigned estimating team members.
- Perform necessary research to produce accurate, complete and competitive pricing.
- Communicate with customers to properly define the project scope, address deficiencies and negotiate pricing.
- Prepare and present completed estimating packages.
- Partner with Operations to properly transfer awarded projects.

QUALIFICATIONS:

- Five to ten years of relevant electrical estimating experience.
- Proficient in Microsoft Office Suite and estimating software (Accubid preferred).
- Multitask in a high volume, fast-paced work environment with very strict deadlines.
- Strong verbal and written communication skills.
- Organized, detail oriented and efficient.
- Provide a high level of customer service.
- Demonstrate and uphold all of Power Design's core values, which include integrity, accountability, teamwork, innovation and growth.
- Non-smoker.

TO APPLY:

- E-mail your résumé and cover letter to careers@powerdesigninc.us or fax 877.808.5866.
